

European Conference on Wireless Sensor Networks (EWSN 2010)  
February 17-19, 2010, Coimbra, Portugal  
<http://ewsn2010.uc.pt/>

## Call for Papers, Posters and Demos

As the field of wireless sensor networks matures, new design concepts, experimental and theoretical findings, and applications have continued to emerge at a rapid pace. As one of the leading international conferences in this area, the European Conference on Wireless Sensor Networks (EWSN) has played a substantial role in the dissemination of innovative research ideas from researchers all over the globe. For EWSN 2010, the seventh meeting in this series, we invite papers describing original, previously unpublished research results pertaining to wireless sensor networks, broadly conceived. Topics of interest include, but are not limited to:

- Hardware Design and Implementation
- Operating Systems and Software
- Middleware and Macroprogramming
- Communication and Network Protocols
- Information and Signal Processing
- Fundamental Theoretical Limits and Algorithms
- Prototypes, Field Experiments, Testbeds
- Novel Applications, including Urban Sensing
- Security and Fault-Tolerance

### Full Papers Submission Information:

This highly selective conference will only accept for review original papers that have not been previously published and are not currently under review by any other conference or journal. We will adopt a double-blind review process, where authors' names and their affiliations must not be revealed or mentioned anywhere in the paper.

All submissions will be handled electronically via EDAS (<http://edas.info>). Submissions must be in Adobe PDF format and not exceed 16 pages, including text, figures and references. We require that submissions conform to the Springer-Verlag LNCS style.

### Posters and Demonstrations Submission Information:

Poster and demo proposals must be submitted as a PDF file with no more than 2 pages containing an abstract describing the research content presented in the poster or demonstration, along with title, authors, institutional affiliations, and contact information. The title of poster proposals should be prefixed by "Poster Abstract:", while the title of demonstration proposals should be prefixed by "Demo Abstract:". All submissions will be handled electronically via EDAS (<http://edas.info>). We require that submissions conform to the Springer-Verlag LNCS style. We will adopt a simplified review process for poster and demo proposals. The abstracts of accepted proposals will be published in the EWSN 2010 adjunct proceedings.

### Important Dates (subject to change, please check website for latest dates):

Paper registration: Oct. 5, 2009

Paper submission: Oct. 12, 2009

Paper notification: Nov. 30, 2009

Camera Ready: Dec. 11, 2009

Posters and demos submission: Dec. 15, 2009

Poster and demos notification: Jan. 5, 2010

Posters and demos camera ready: Jan. 12, 2010

### Program Co-Chairs:

Bhaskar Krishnamachari, University of Southern California, USA Jorge Sá Silva, University of Coimbra, Portugal

email: [ewsn10-chairs@anrg.usc.edu](mailto:ewsn10-chairs@anrg.usc.edu)

### General Co-Chairs:

Fernando Boavida and Jorge Sá Silva, University of Coimbra, Portugal
