

## 13th ANNUAL WIRELESS TELECOMMUNICATIONS SYMPOSIUM (WTS 2014)

April 9-11, 2014, Washington, DC, USA

Technical Co-Sponsor: IEEE Communications Society

We invite the submission of applied research papers to the 13th Annual Wireless Telecommunications Symposium, WTS 2014, which will be held April 9-11, 2014 in Washington, DC, USA. For further information, visit [www.csupomona.edu/wtsi](http://www.csupomona.edu/wtsi).

The Wireless Telecommunications Symposium brings together industry professionals and academics from companies, governmental agencies, and universities around the world to exchange information on advances in mobile communications and wireless networking technology, business, policy, applications and security. Past WTS participants have included Dr. Vinton Cerf, Dr. Robert Kahn, and Dr. Leonard Kleinrock, Internet pioneers; Martin Cooper, "Father of the Cell Phone"; Dr. Irwin Jacobs, Co-Founder and Chairman of QUALCOMM; and Mike Lazaridis, Founder and Vice-Chairman, Blackberry.

The theme for WTS 2014 will be "Wireless Communications in a Connected World". Planned highlights of WTS 2014 include executive presentations and keynote addresses; presentations of accepted academic and practitioner research papers; panel discussions; tutorials and workshops; a poster paper session; and a doctoral students' session. Accepted papers will be published in the main conference proceedings and submitted to IEEE Xplore. The proceedings also will be distributed at the Symposium via a CD. Awards will be given for the most outstanding paper presented and best graduate and undergraduate student papers presented. Some selected high quality papers from WTS 2014 will be considered for publication in the *International Journal of Interdisciplinary Telecommunications & Networking*, IGI Global publisher, pending their successful extension and an expedited review process. Topic areas of interest include, but are not limited to, the following:

## Wireless Internet and Multimedia

Satellite Based Systems

Global Wireless Services, Business &amp; Applications

Mobile Operating Systems &amp; Architectures

Mobile and Wireless Network Security and Privacy

Wireless Modeling, Algorithms &amp; Simulation

QoS and Wireless Network Reliability

Mobile &amp; Cloud Computing

Wireless and Healthcare

Spread-Spectrum/CDMA/OFDM Technologies

RFID Systems &amp; Applications

## Wireless Communications Investments &amp; Ventures

WLANs, WPANs, and Femtocells

4G Wireless Networks &amp; Systems

Wireless and New Media

Ad Hoc and Sensor Networks

Spectrum Management and Policy

Wireless M2M and Home Networks

Wireless Telecommunications Management

GPS and Indoor Geolocation Systems

Mobile Cellular TV

Underwater Acoustic networks

## IMPORTANT DATES:

January 12, 2014 Paper submission deadline

February 9, 2014 Notification of acceptance

March 9, 2014 Camera-ready submissions

## WTS 2014 PROGRAM COMMITTEE CHAIRS:

Dr. Qing-An Zeng, North Carolina A&T University, [qzeng@ncat.edu](mailto:qzeng@ncat.edu)Dr. Wei Cheng, George Washington University, USA, [wcheng@gwmail.gwu.edu](mailto:wcheng@gwmail.gwu.edu)

## WTS COMMITTEE CHAIRS:

General Chair: Dr. Steven Powell, Cal Poly Pomona    Program Chair: Dr. JP Shim, Georgia St. Univ.
